

Technical drawing of a rectangular box, showing three views: top, front, and side. The top view shows a box with overall dimensions 800 (width) x 410 (depth). The front view shows a box with overall dimensions 776 (width) x 300 (height). The side view shows a box with overall dimensions 250 (width) x 800 (height). The drawing includes detailed dimensions for the box's structure, including the lid and base, and the location of the mounting holes. The lid is shown with a central circular hole and two smaller circular holes. The front view shows a central rectangular opening. The side view shows a central rectangular opening. The drawing includes dimensions for the box's thickness, the lid's thickness, and the base's thickness. The drawing also includes dimensions for the box's internal structure, including the lid and base, and the location of the mounting holes. The drawing includes dimensions for the box's overall dimensions, including the lid and base, and the location of the mounting holes. The drawing includes dimensions for the box's internal structure, including the lid and base, and the location of the mounting holes.
